

FOAM GLOVE – REF. 115

TECHNICAL DATA SHEET :

Product Name:

Gauge Seamless Glove with Foam Nitrile Coating

Model Number: 115

1. PRODUCT DESCRIPTION :

Lightweight, high-dexterity work glove made with a 15-gauge seamless liner and palm-dipped foam nitrile coating. Designed for precision tasks requiring grip, flexibility, and comfort in dry or slightly oily environments.

2. MATERIAL COMPOSITION :

- Liner: 15-gauge nylon, spandex shell
- Coating: Foam nitrile (palm and fingertips)
- Cuff: Elastic knit wrist

3. KEY FEATURES :

- High resistance to contact and convective heat
- Excellent abrasion and tear resistance
- Heat-resistant reinforced seams
- Soft inner lining for comfort during long use
- Extended cuff for added forearm protection.

4. APPLICATIONS :

- Automotive assembly
- Electronics and precision handling
- General maintenance
- Logistics and warehousing
- Light construction
- Inspection and packaging work

5. STANDARDS & CERTIFICATIONS :

- EN 388:2016 – Mechanical risks (4131X)
- CE Marked

6. AVAILABLE SIZES :

- 6 (XS)
- 11 (XXL)

7. PACKAGING INFORMATION :

- 12 pairs per pack
- 120 pairs per carton

8. STORAGE CONDITIONS :

- Store in a clean, dry area away from direct sunlight and chemical exposure.
