

Description

A1B1E1K1P3 Filter
The A1B1E1K1P3 combined filter is designed to protect against organic vapours, inorganic gases, acid gases, ammonia, and solid and liquid particles. Manufactured in accordance with EN 14387, it offers high filtration efficiency and reliable performance when used with compatible reusable respirators, making it suitable for demanding industrial environments where combined protection is required.

Features

Material	ABS
Standard	EN 14387:2004 + A:2008
Connection	Standard bayonet connection for double filtering device as per EN 136
